July 21st program to feature Lib Carlisle and Saline County Politics over the years.

Saline County politics over the years has been any thing but boring. In the 1950's, Mr. Charles Smithers, the Democratic chairman for Saline County was the man to go to for information on the politics of the county. The Democratic primary usually chose the nominees for the county offices, because there were very few Republicans in the county. All over the county "speakings" were held where the county Democratic officials would have the different candidates to express their views to the voters. Each candidate would have their supporters out in the crowd to cheer. If the candidate won the Democratic primary he was almost assured to win the general election in November. In the 1960's after Mr. Smithers passed away,

Mr. Lib Carlisle became the county Democratic chairman for many years. In the 1990's , Mr. Carlisle became the chairman of the state Democratic party. As Saline County began to grow and more people moved in, the county began to reflect other southern states and gradually the county changed from Democratic to Republican. Mr. Carlisle will reflect on some of the more colorful politicians who were elected during the Democratic years.

The program will begin at 7:00 pm at the archives and family research center located at 123 North Market Street in Benton.

This should be an interesting program.

Save the Rowland/Nelson/Smith/Lenz House

The Save the Rowland/Nelson/ Smith/Lenz House was dealt a blow recently when they found out a request for a \$30,000 historic preservation grant was not successful. The groups President Grover Smith said the group was disappointed but would continue to work to get some help for the group. The group has boarded up the windows with plywood and have secured some concrete blocks to keep people from driving up on the property. We hope the group continues to gain support and will continue to seek grants for the preservation of the house.

Spotlight on SCHHS Volunteers

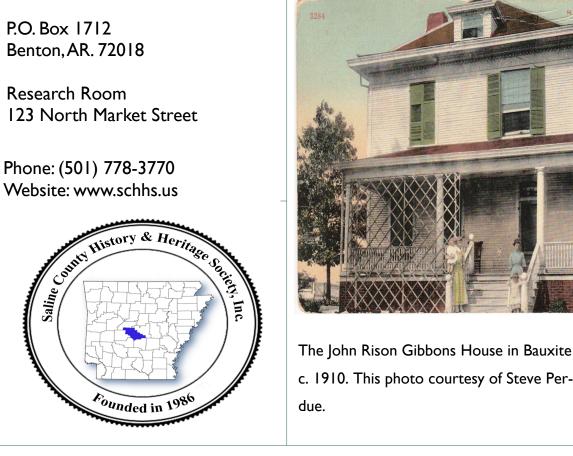

Pete and Shirley Parson Coppock

Our society has many volunteers who help our society to succeed. This time we feature Mrs. Shirley Parson Coppock. Shirley serves as 1st Vice President of the Saline County History & Heritage Society and in that position she helps to secure programs each month, often times she presents programs that she developed. Shirley also is very good getting the society coverage in the Saline Courier. Shirley worked as a reporter for the Saline County News. She covered all sorts of stories in the sixties and seventies, but she always was interested in those that were about history. She has written a book on the Shaw community in Saline County, she is an active member of her church, Saline Missionary Baptist in Tull. She has held many offices in the local D.A.R. and on the state level of D.A.R. She also works with the Bauxite Ladies Association, a group which provides scholarships to young Bauxite students. She is a great asset to our society and is part of the village that keeps SCHHS going. She lives in the Tull community with her husband Pete. The couple has one daughter and one granddaughter. Thank You Shirley for all you do for SCHHS.
